SAii I Do in Phuket

With a breathtaking selection of unique, tropical Bangtao Beach wedding venues, SAii Laguna Phuket provides the perfect place for the beginning of your journey together. From a seaside wedding ceremony, a poolside cocktail reception to a small intimate gathering or large party with family and friends in Similan Ballroom, we offer the perfect backdrop for your wedding celebration in Phuket.

SUSTAINABILITY

Sustainability and social responsibility are part of our DNA. We embrace the principles of cultural respect and exchange, we take supportive and innovative actions to preserve the natural environment, we work to protect and help develop local communities, and we're certified by Green Globe™.

Our best-practice approach to sustainability includes the development of a water treatment system and bottling station, which provides up to 700 bottles of fresh water daily, and a public tap to let guests fill up their own containers, which minimises single-use plastic.

Our event venues offer a range of eco-friendly meeting solutions in line with TCEB's Thailand MICE Venue Standards. These range from reusable table decorations and recycling bins in meeting rooms, green transport options and group activities that support local communities to differently sized meeting rooms, which can be air-conditioned according to the number of attendees and the use of CO2 e-calculations to monitor the carbon footprint of each meeting.
